RECOMMENDATION:

The Academic Senate supports the recommendation of the committee to proceed with the below corrections to the 2026-27 Academic Calendar with 5 Year Projection. Minor edits have already been forwarded to Dr. Nelson and we are waiting to hear back with final edits. In addition to these changes, it is the recommendation of the committee to change Columbus Day to Indigenous Peoples' Day and/or, as Dr. Forward mentioned, address this change in another referral as necessary.
