

California State Polytechnic University, Pomona

Academic Senate Report

AS-3151-256-AP

Program Review BA and MA English

Academic Senate Action:

Adopted:	February 4, 2026
----------	------------------

Final Disposition:

Transmitted to President:	February 5, 2026
---------------------------	------------------

RECOMMENDATION:

The Academic Senate commends the English program for their continued commitment to multiple stakeholders including the students, faculty, and students. The Academic Programs Committee also commends them for their receptiveness to feedback. The program's action plan in response to the review is both detailed and specific and sufficiently addresses the concerns and areas of improvement noted by the reviewers. However, implementing it successfully would require the support of leadership at the department, college, and university level.
