SUBJECT: Response to Senate Report AS-3185-256-AP: B.S. in Kinesiology- New Exercise Science Option

Received in
Academic Senate

June 8, 2026

The Academic Senate recommends the approval of the new Exercise Science option in the B.S. in Kinesiology, with attention to workload and resource planning. The option will prepare students for careers in clinical exercise physiology, strength and conditioning, rehabilitation, and related fields, as well as for certification and advanced graduate study.

I thank the Office of Academic Programs and the Academic Senate for their recommendation. I support Provost Gomez, the Academic Senate, and the Office of Academic Programs with the approval of the new Exercise Science option in the B.S. in Kinesiology, with attention to workload and resource planning and request that this report be officially recorded.
