*OAP Comment: Assessment should occur in courses where mastery "M" is demonstrated. Except for SLO 5, assessment seems to be occurring in courses where students are still developing or even being introduced to the knowledge and skills associated with the SLO. Unless, the programs intends to use the assessment data at this point for formative purposes, please reconsider this approach.*

*SLO 4a and 4b: No course where the SLO is introduced. Grad courses move much faster, so a single course in the graduate curriculum where a skill/knowledge is introduced is sufficient.*

*It is recommended to consider other courses where mastery may be demonstrated other than FRL6620. Otherwise, there is a lot of expectation on one course. This is not mandatory - just a recommendation.*
