

California State Polytechnic University, Pomona

Academic Senate Report

AS-2377-011/FA

POLICY ON ADJUNCT FACULTY

Academic Senate Action:

Amended Adopted/Unanimously: 4/13/11

Final Disposition:

Transmitted to President: 4/15/11

RECOMMENDATION:

A specific policy on award of adjunct faculty/professor title will be unique to Cal Poly Pomona and will not distinguish the appointee within the CSU system and the academy. The Academic Senate recommends that the title of Adjunct Faculty may be used to identify any faculty member or industry professional with a current letter of appointment from the University who is engaged in research or teaching in an academic department, and are not in permanent employment of the university.
