

California State Polytechnic University, Pomona

Academic Senate Report

AS-2756-178-FA

Revisions to Guidelines for Provost's Awards for Excellence

Academic Senate Action:

Adopted: November 1, 2017

Final Disposition:

Transmitted to President: November 6, 2017

**RECOMMENDATION:**

The Academic Senate recommends that the guidelines for the Provost's Awards for Excellence be amended to allow for a 2-page personal statement (instead of the current one-page narrative) with increased direction to nominees to specifically address award criteria in their personal statement. In addition it is recommended to limit the nominee's submission of "Relevant materials" (item #3 in "Required Materials" for each Award) to a concise and edited packet of no more than 25 pages.
