**Justification for deadline:**

**BACKGROUND:**

Description and analysis of international travel from the perspective of the global traveler. Examines cultural, economic, social, political, and environmental dimensions of tourism, with emphasis on understanding diverse world regions and popular international destinations. Emphasis on destination planning, development, sustainability and destination management strategies alongside analysis of global travel trends, technology, and international tourism ethics. Develops cross-cultural awareness, critical thinking, and communication skills essential for navigating and contributing to a globally interconnected world.
